
Application Guarantors

Czech Radio

<https://www.rozhlas.cz/english/portal>

Czech Radio communicates the research results to the wider public.

State Land Office

www.spucr.cz

The State Land Office, as a representative of the state administration, facilitates contact and debate on partial and final project results with institutions of the state administration, as well as with other subjects which deal with land-making and water management issues.

Pavučina Network of Environmental Education Centres (NEECs)

<http://www.pavucina-sev.cz/rubrika/77-ENGLISH/index.htm>

Cooperation with Pavučina NEECs allows for research results to be targeted, in the form of educational programmes, directly at people and institutions working on environmental education, information and awareness (EE).

Czech Union for Nature Conservation—Local Chapter Veronica

<https://www.veronica.cz/english>

The ecological institute Veronica will utilise the research results in education and awareness activities aimed at environmental protection.

All the guarantors together with the project participants will take part in creating the online application.
